

Nano Active Stabilization Sysystem

Thomas Dehaeze ^{a,b} and Christophe Collette ^b

^aESRF, The European Synchrotron, Grenoble, France

^bPrecision Mechatronics Laboratory, University of Liège, Belgium

Synopsis

One or two sentences suitable for the Journal contents listing and use in promoting your article via social media, highlighting the findings and significance of your work.

Abstract

Single paragraph stating as specifically and as quantitatively as possible the principal results obtained, and providing an indication of the broader significance of the work. The abstract should be capable of being understood on its own without access to the text or figures.

Keywords: Three or four key words/phrases separated by semi-colons.

1 Introduction

introduction

(Dehaeze, 2025)

2 Comparison of decoupling strategies

results

3 Acknowledgments

Acknowledgements

The contributions of non-authors etc. should be given here.

Funding

23 List funding organizations, recipients, grant numbers, etc.

24 **Conflicts of interest:** Please declare any conflicts of interest, or declare that there are no conflicts of
25 interest.

26 **Data availability:** Please state how the data supporting the results reported in your article can be accessed,
27 e.g. within the article, as published supporting material, in repositories, upon request...
